## DETAILED ACTION

### ***Continued Examination Under 37 CFR 1.114***

Receipt is acknowledged of a request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e) and a submission, filed on 11/29/07. The submission, however, is not fully responsive to the prior Office action because there are no claims that are directed to the originally filed invention. Since the submission appears to be a *bona fide* attempt to provide a complete reply to the prior Office action, applicant is given a shortened statutory period of ONE MONTH or THIRTY DAYS from the mailing date of this letter, whichever is longer, to submit a complete reply. This shortened statutory period for reply supersedes the time period set in the prior Office action. This time period may be extended pursuant to 37 CFR 1.136(a).

Newly submitted claims 1-9, 24-33 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: Originally filed claims are directed to an invention the monitors a player's game. The newly filed claimed are direct to an invention that monitors a player's paid services that are not related to the game. The invention could be used in providing advertisements, whereas the original invention is used for security purposes.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 1-9, 24-33 are withdrawn from

Art Unit: 3714

consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.
